RUSSIAN WORKMEN FIGHT FIERCE BATTLE WITH TROOPS

Revolutionists Forcibly Take Possession of a Factory and
Surrender Only After Bloody Encounter
With Soldiers

Riga Livonia, Russia, Jan. 5.—On Tuesday 5,000 armed workmen before daylight invaded and took possession of the Provodnik Rubber factory, and the military are bombarding the factory. The revolutionists killed the police who were guarding the building and a detachment crept into an adjoining structure where dragoons were asleep, and murdered eight of them and six stablemen, and wounded eleven. One managed to escape and gave the alarm to the troops, two regiments of which, with artillery and six quick-firing guns, arrived at the scene by daylight. In the meantime the revolutionists had thrown up barricades and a terrific fire was opened by the troops.

Many of the rebels have been killed, and over a hundred wounded have already been carried to the hospital. The soldiers are almost insane with fury. The territory in which the factory is located has been picketed off by guards, who threaten to kill any person approaching.

London, Jan. 5.—A special despatch says that the workmen who seized the factory at Riga have surrendered and delivered up their leaders to the troops.

BUSINESS CHANGE IN DRY GOODS FIRM

After the 15th of January the well-known dry goods concern of W. Johnstone Walker will amend its sign and style by adding the words "A Company."

The intended change in the firm, which was made public yesterday, includes in the personnel of the company Mr. Cecil Sutherland, now senior clerk and Mr. J. G. Walker, son of W. Johnstone Walker, and an employee of the house. Mr. Sutherland has been ten years with the firm having served in every capacity from junior clerk up. Mr. J. G. Walker has been

in the store for the past five years. Mr. Johnstone Walker is one of the pioneers of Edmonton, the business having been started twenty years ago, when Mr. Walker opened up a little log store on Fraser avenue, moving later onto the premises now occupied on Jasper avenue, where he built a frame building which in 1900 was replaced by the present brick structure in which the house is doing business.

Mr. Walker's judgement in selecting Edmonton and his faith in staying with the town has been amply justified by the continuous success of his business and the young men who are being taken into the firm, will no doubt be instrumental in continuing its success.

BLOODY BATTLE DOWN IN HAYTI

Leader of the Insurgent Forces Killed
in Battle With the Troops

Caphtayien, Hayti, Jan. 5.—Following an attack on Puerto Plata, on the north coast of San Domingo, by General Dementio Roldiguez, the commander of the troops of the fugitive president, General Morales, which resulted in the repulse of Morales' forces by the Caceres garrison, after sharp fighting, Caceres' troops, commanded by General Gespedes, attacked Morales' troops yesterday outside Puerto Plata. Stubborn fighting followed resulting in many men killed or wounded on wounded on both sides. Morales' forces were dispersed by the Caceres troops. Among the killed was General Rodriguez. He had announced that if his attack on Puerto Plata was successful he would proclaim himself a candidate for the presidency of San Domingo.

ROAD TO THE NORTH

Paul Paradis, Dominion Government engineer, who recently returned from Ottawa to the West is at the Windsor attending to matters connected with the Government works in this district.

Mr. Paradis stated yesterday that the Government road from Lesser Slave Lake to the Peace River Crossing is all completed and in a No. 1 condition. This road will be extensively used this winter by travellers to and from the Peace, and next summer will be the main highway of travel to the north. This section of the road is 100 miles long and constitutes the first section to be completed of the Edmonton-Yukon road now in course of construction.

From the Lesser Slave Lake to the Athabasca River, which the road will cross at a point in the neighborhood of Fort Assiniboine, within 130 miles is now under construction, and has been the scene of the principal operations during the past summer. The route followed is about the south shore of the lake to a point close to the Swan River, where it turns to the north and runs as directly as possible to the Fort Assiniboine crossing. This route cuts out the climb through the Swan Hills, which the old trail took. The Swan Hills are south of the Lesser Slave Lake and at places come very close to the shore, and it was heretofore believed that there was no way of avoiding this climb of 800 feet through the hills, but just summer a pass was found and it was in the building of this road through the pass that Jim Cornwall's gang of 75 or 80 men have been working for the past few months.

Mr. Paradis expects Mr. Cornwall down in a few days from Lesser Slave Lake, as the season's operations should have been wound up before now.

The other section of the road to connect Edmonton with Fort Assiniboine is one that has long been used and it will be necessary merely to build it in places where repairs are required. This will undoubtedly be the work for next summer, along with the completion of the section on which they are working, although no appropriation for the work has yet been made at Ottawa.

John A. McDougall, who has been acting as representative for the Northern Bank, of Winnipeg, in their negotiations and purchase of a site in this city, stated this morning that the Northern Bank would be doing business in Edmonton within the next two weeks. The assignees handling the Stovel estate, who sold the premises on the corner of Jasper and Queen's, are preparing to move the hardware stock, which now occupies the building, into the back part on which they retain a three months' lease, and the arranging of the new fixtures will commence at once.

GRAIN SHIPMENTS SURPASS RECORDS

Receipts Along C. P. Lines to Date
Double That of Last Year

Winnipeg, Jan. 5.—There has been marketed at points along the C.P.R. to date, 46,321,000 bushels of grain, of which 44,203,000 was wheat, and the remainder 2,118,000 other grains. The remarkable proportions of the crop as compared with preceding seasons, is indicated by a comparison of figures. In the corresponding period of last season there was marketed 20,845,000 bushels of wheat and 959,000 bushels of other grains.

Yesterday's market amounts to 125,000 bushels of wheat and 18,000 bushels of other grains as compared with 56,000 bushels of wheat and 10,000 bushels of other grains last season.

WINNIPEG'S POLICE RECORD

Winnipeg, Jan. 5.—Some interesting figures in connection with the police work of the city have been published, which show that 1905 was the busiest year in police circles in the history of the city. No less than 6,855 cases were dealt with. In 1904 the total was 5,391, in 1903, 3,132, and in 1902, 2,193.

The total number of "drunks" handled last year is greater than the aggregate cases handled in any year previous to 1903, and gives some idea of the part played by "whiskey in misdemeanors." In the matter of nationality of offenders, Canada again carries off the first prize, with the English second, and the Scots in the third place. The foreign element trails along well down the list. The religious persuasion of the prisoners was as follows: Roman Catholics, 1,456; the Church of England, 1,289; Presbyterians, 731; Lutherans, 442; Methodists, 388; Baptists, 73; Congregationalists, 37; other denominations, 247.

ST. PAUL'S SCHOOL BURNED

Winnipeg, Jan. 5.—St. Paul's Indian Industrial school was burned to the ground tonight. The building was in the parish of Middle Church, nine miles from the city. The Winnipeg brigade did not attend. The loss is \$25,000. It was a government institution originally started by the Church of England. Afterwards it was taken over by the province. There were 70 children in the building at the time, but all were got out safely. The stables the principal's residence, and the other outbuildings were saved by the volunteer brigade.

LOOKS LIKE 50 CENTS

Winnipeg, Jan. 5.—"I believe the shareholders of the York County Loan Company will receive 50c. on the dollar for their deposits." This was the terse summing up given by Hon. Colin Campbell, attorney general, who arrived from the east today.

GLOOMY VIEW OF BUSINESS SITUATION

Toronto, Jan. 5.—In the opinion of some of the assignees, and also of a number of business men, there is liable to be a lot of assignments during the next few weeks. The weather is to blame. The fur trade in particular has a gloomy outlook, as has also the winter warm stuff lines.

THE WAR SCARE IS NOT SERIOUS

Great Britain Continues Arrangements for Conference on Moroccan Situation

London, Jan. 5.—Official circles in Great Britain do not consider the Franco-German situation serious. Reports emanating from France have effected the stock markets, but this was only temporary. The British government is going on with arrangements for the Morocco conference, and while Germany may raise questions which will cause irritation it is not believed that this will prevent the conference from arriving at a final and satisfactory settlement. It is certain Great Britain desires this, and while her action will be in accord with France she will exert herself to prevent any rupture.

HUNT WON IN COMPTON

Ottawa, Jan. 4.—Hunt, the Liberal candidate, was elected in Compton today by over 300 majority, defeating Rufus Pope, Conservative.

DUAL FUNERAL SERVICE

London, Jan. 5.—It is proposed to hold a service in London simultaneously with Hon. Prefontaine's funeral service in Montreal.

GETTING UP-TO-DATE

St. John, Jan. 5.—A compulsory education act for New Brunswick will be a feature of Provincial legislation in the session to open in Fredericton on Feb. 8th.

SEVERE WIND STORM SWEEPED CITY AND DISTRICT

Considerable Damage Done to Local Telephone and Electric Light Systems—Strathcona Systems Suffered More Severely

The wind storm which swept over Edmonton yesterday afternoon and evening was the most violent that has visited this section for over two years, according to the meteorological reports.

The greatest velocity of the wind at any time yesterday was at four o'clock, when it attained a height of 25 miles an hour. The highest wind ever recorded here was some two years ago, when the government indicator showed 42 miles an hour for seven minutes.

Yesterday's wind, so far as reported, did no serious damage, but it made a lot of work for the telephone and light wire linemen. The telephone system suffered severely in wires being crossed in almost all parts of the city, and for several hours yesterday the system was almost unworkable.

Tenth street was the only place in the city where any poles went down. Here two poles carrying both telephone and light wires for the residential section fell, and caused a lively time for a few moments in the telephone office, every drop on the switchboard falling from the shock.

Out at the police barracks the large flag pole which has stood in the yard there for years was blown down. Over in Strathcona the telephone and light service suffered more severely than in Edmonton. Practically the whole of the west end

was put out of business, and the residential section was in darkness last night. The telephone system was also badly disabled.

A good deal of the Strathcona wiring was suspended on spruce poles, and when the wind came these could not stand the tension. The forces of the Strathcona telephone and light plants are having a busy time today repairing the damage.

STORM RAGES IN NORTHERN STATES

St. Paul, Minn., Jan. 4.—The heaviest storm since 1898 prevailed throughout the entire Northwest for several hours yesterday, and snow to a depth of 18 inches fell here during the afternoon. Street railway traffic had to be entirely suspended, and business throughout the city was almost at a standstill for hours.

From northern Wisconsin comes reports of a complete tie-up of all railroad traffic, trains being stalled along the line and the snow poles and relief gangs being so far unable to release them. In North Dakota, on the Red River Valley division, the blockage is complete, the heavy snow storm having crippled the telephone and the telegraph, as well as tying up the trains, and only the most meagre reports are coming in from anywhere, most places being out of touch altogether.

STRATHCONA

Strathcona, Jan. 4.—An adjourned meeting of the Council, held in the Council Chamber at 8.30 p.m. Present: The Mayor and Councillors Elliott, MacKenzie, Richards, Macfarlane and Cowles, and Premier Rutherford as secretary-treasurer.

The first business was the appointment of town solicitor for 1906. Messrs. Douglas and MacKenzie moved that the firm of Rutherford and Jamieson act as town solicitors for 1906, salary \$200. Carried.

The council then resolved itself into a committee of the whole to discuss liquor license fees and the ten-cens for engines. Much discussion followed on these questions, the Mayor strongly advocating that the towns and municipalities should get the bulk of license fees which go largely to the Government, and that a circular letter be issued and sent to the various municipal town and city councils in Alberta, asking for co-operation in demanding from the new provincial government legislation to this effect.

The secretary-treasurer was authorized, on the motion of Messrs. Douglas and Cowles, to prepare and issue a circular as outlined above.

The city engineer, Mr. McLean, read the tenders received from the different machine companies for the engine required for the power house including tenders from Waterous, Leonard, Goldie and McCullough, Inglis, and the Turbine Engine Company of Chicago.

The tenders were referred to the fire, water and light committee.

The council then went into committee of the whole, the press being excluded.

POLICE COURT ITEMS.

Mr. James Crawford, livery stable keeper, had one of the town juveniles up before Justice Connolly at 10 a.m., in the town hall, charged with using profane and grossly insulting language in his livery barn. The magistrate read him law to the young offender, and reprimanded him and told him as it was his first offence he would fine him \$5 and costs \$6.05; total \$11.05.

Mr. A. J. Cochran and wife, of Kempville, Ont., came in town on Tuesday evening from Calgary, and are the guests of Mr. Bush. They have been in the Pacific Province visiting friends in the Kootenays, and also at Calgary. Mr. Cochran is postmaster at Kempville, and has six months leave of absence on account of ill health. He is much delighted with our climate, and much benefited in health from his vacation and tour.

The real estate firm of Bush & Brown has been dissolved, Mr. Brown retiring. The new firm will be Bush and Co., with Mr. Bush as manager, with headquarters Whyte Avenue.

Mr. Brown, one of our leading citizens, has just returned from B.C., Kelowna district, where he has been renewing old acquaintances and visiting some of his family. He reports business good in the Pacific Province, and the weather ideal.

RED DEER JOTTINGS.

Red Deer January 4.—Mr. C. Malcolm left on a business trip to the south yesterday.

Mr. F. Gaetz went north to Stettler on yesterday's noon train.

Mrs. R. C. Brumpton and the Misses Lenore and Evelyn Brumpton left on yesterday's noon train for Olds.

Judge Biggs boarded the south-bound train for Bowden yesterday.

A. A. Content left for his home in Content on yesterday's passenger.

Bob Davis, of Winnipeg, arrived on the noon train.

A. Markell, who was here last spring looking over land, has returned from Crummen, Ore., with his stock, etc., and will purchase land in this vicinity.

Two families by the name of Panchett have purchased farms near town.

M. J. Manning and family left to-day for Neepawa.

Calgary and Red Deer play hockey next week.

Invitations will soon be out for a bachelor maids' ball.

F. Lehmann, of Lacombe, was in town attending the wrestling match.

STOCK MARKET DISTURBED.

New York, Jan. 5.—Jacob H. Schiff sent a tremor through the speculative fabric of the stock market today, by his utterance of the opinion that unless something was done to improve the currency system of the country there would be

a panic on the board beside which all panics that have gone before would seem child's play. The sensational terms of this utterance and the bulletin form in which the knowledge of it first came to the stock market, broke prices with violence, and caused a weak and disorderly closing.

Two lots near C. N. R. \$750 each; terms.

One lot near Alberta Hotel \$900; terms.

A Scrap—New house, seven rooms, just finished, \$1800; terms. The lot is high and dry.

On Jasper avenue, several splendid twenty-five, thirty-three and fifty feet frontages, and close in. The prices are low and terms. Sure sellers in the spring at well advanced prices.

Special offer—25 feet frontage near Post Office on Jasper avenue, for \$10,000. Good terms. This will be picked up quick.

First street. Several good propositions at \$200 per foot frontage, terms.

Warehouse sites. Facing the C. N. R. 2 lots, 150 feet frontage on Mackenzie for \$8,000, top of fourth street and also two lots 150 foot frontage on Mackenzie for \$500 top fifth street.

Wanted. Scrip for 240 acres, at once. Reasonable price paid and all in cash.

For cash only. We can sell you 20 lots on the Norris estate for \$1350 each. It is impossible to get anything to bear this proposition in Edmonton real estate market. Only fancy—\$65 per lot. Owner must have money by 21st December, hence the sacrifice.

Here is another good thing: Two high and dry lots across the C. N. R. track for \$750 each, and terms. Have you noticed the rise lately across the track. We have several single lots there at \$750, terms.

Special attention. Two lots close in, on the River Lots for \$750, very easy terms. These are worth \$900.

Several lots on First, Second, Third and Fourth streets, West End, north of Jasper, from \$2000 up to \$4500 each. All good safe buying and sure of increase in value before many months.

Improved farms. There is sure to be a rise of value in the spring. We have several snags at present in Stony Plain, Clover Bar, and Sturgeon. What we cannot show you in good value will be hard indeed to find from \$10 to \$40 per acre and close in to Edmonton City.

Unimproved farms. We have several large tracts of land lying along the new railroad line from \$6 per acre and easy terms. This kind of deep black loam and clay subsoil and partly clear of brush, plenty of good water.

DOCTRINAL BASIS FOR A UNION

Tenets Agreed Upon By Joint Committee of three Denominations as the Basis for Federation of Churches

Following was the doctrine agreed upon by the joint committee of the Methodist, Presbyterian, and Congregational churches that sat last week in Toronto to formulate a basis for the union of these denominations.

The reports of the committee will be submitted to the highest councils of the bodies concerned at the next annual meetings.

Article I.—Of God.—We believe in one only living and true God, who is a Spirit and the Father of our spirits; infinite, eternal and unchangeable in His being and perfection; the Lord Almighty, most just in all his ways, most glorious in holiness, unsearchable in wisdom and plenteous in mercy, full of love and compassion, and abundant in goodness and truth.

We worship Him, Father, Son and Holy Spirit, three persons in one Godhead, one in substance and equal in power and glory.

Article II.—Of Revelation.—We believe that God is revealed in part in nature, in history and in the heart of man; that He has made gracious and clearer revelations of Himself to men of God who spoke as they were moved by the Holy Spirit; and that Jesus Christ, the Word made flesh, is the brightness of the Father's glory, and the express image of the person.

We gratefully receive the Holy Scriptures of the Old Testament and the New Testament given by inspiration to be the faithful record of God's gracious revelations and the sure witness to Christians, as the Word of God, the only intangible rule of faith and life.

Article III.—Of the Divine Purpose.—We believe that the eternal, wise, holy and loving purpose of God embraces all events; so that while the freedom of man is not taken away, nor is God the author of sin, yet in His providence He makes all things work together in the fulfilment of His sovereign design and the manifestation of His glory.

Article IV.—Of Creation and Providence.—We believe that God is the creator, upholder and governor of all things; that He is above all His works and in them all; and that He made man in His own image, to meet for fellowship with Him, free and able to choose between good and evil, and forever responsible to His Maker the Lord.

Article V.—Of the Sin of Man.—We believe that our first parents, being tempted, chose evil, and so fell away from God and came under the power of sin, the penalty of which is eternal death; and we confess that, by reason of this disobedience, we and all men are born with a sinful nature, that we have broken God's law, and that no man can be saved but by His grace.

Article VI.—Of the Grace of God.—We believe that God, out of His great love for the world, has given His only begotten Son to be the Saviour of sinners, and in the Gospel freely offers His all-sufficient salvation to all men. We believe also that God, from the beginning, in His own good pleasure, gave to His Son a people, an innumerable multitude, chosen in answer to holiness, service and salvation.

Article VII.—Of the Lord Jesus Christ.—We believe in and confess the Lord Jesus Christ, the only Mediator between God and man, who, being the Eternal Son of God, for us men and for our salvation became truly man, being conceived of the Holy Ghost and born of the Virgin Mary, without sin unto us He has revealed the Father, by His Word and Spirit making known the perfect will of God; for us He fulfilled all righteousness and satisfied eternal justice, offering Himself a perfect sacrifice upon the cross to take away the sin of the world; for us he rose from the dead and ascended into heaven, where He ever intercedes for us; in our hearts, joined to Him by faith, He abides forever as the indwelling Christ; above us and over us all for us, He rules; wherefore, unto Him we render love, obedience and adoration as our Prophet, Priest and King forever.

Article VIII.—Of the Holy Spirit.—We believe in the Holy Spirit, the Lord and Giver of Life, who proceeds from the Father and the Son,

who moves everywhere upon the hearts of men, to restrain them from evil and to incite them unto good, and whom the Father is ever willing to give unto all who ask Him. We believe that He has spoken by Holy men of God in making known His truth to men for their salvation; that, through our exalted Saviour, He was sent forth in power to convict us of our sin, to enlighten men's minds in the knowledge of Christ, and to persuade and enable them to obey the call of the Gospel; and that He abides with the Church, dwelling in every believer as the spirit of truth, of holiness, and of comfort.

Article IX.—Of Faith and Repentance.—We believe that faith in Christ is a saving grace whereby we receive Him, trust in Him and rest upon Him alone for salvation, as He is offered to us in the Gospel, and that this saving faith is always accompanied by repentance, where-in we confess and forsake our sins with full purpose of heart, and endeavor after a new obedience to God.

Article X.—Of Justification and Sonship.—We believe that God pardons our sins and accepts us as righteous solely on the ground of the perfect obedience and sacrifice of Christ, received by faith alone, and that believers are adopted as sons of God, with a right to all the privileges therein implied, including a conscious assurance of their sonship.

Article XI.—Of Regeneration.—We believe in the necessity of regeneration, whereby we are made new creatures in Christ Jesus by the Spirit of God, who imparts spiritual life by a secret and wonderful operation of His power, using as the ordinary means the truths of His word and the ordinances of Divine appointment in ways agreeable to the nature of man.

Article XII.—Of Sanctification.—We believe that those who are regenerated and justified grow in sanctified character, through fellowship with Christ, the indwelling of the Holy Spirit, and obedience to the truth; that a holy life is the fruit and evidence of saving faith; and that the believer's hope of continuance in such a life is in the preserving grace of God.

And we believe that in this growth in grace Christians may attain to a full assurance of faith, and to that maturity of faith working by love which the Scriptures call the love of God made perfect in us.

Article XIII.—Of the Law of God.—We believe that the law of God revealed in the Ten Commandments, and more closely disclosed in the words of Christ, is forever established in truth and equity, so that no human work shall abide except it be built on this foundation. We believe that God requires of every man to do justly, to love mercy and to walk humbly with His God; and that only through this harmony with the will of God shall be fulfilled that brotherhood of man wherein the kingdom of God is to be made manifest.

Article XIV.—Of the Church.—We acknowledge one holy Catholic Church, the innumerable company of saints of every age and nation, who being united by the Holy Spirit to Christ their head, are one body in Him, and have communion with their Lord and with one another; further, we receive it as the will of Christ that His Church on earth should exist as a visible and sacred brotherhood, consisting of those who profess faith in Jesus Christ and obedience to Him as Divine Lord and Saviour.

Article XV.—Of the Sacraments.—We acknowledge baptism and the Lord's Supper, the two sacraments instituted by Christ, to be of perpetual obligation as signs and seals of the covenant ratified in His precious blood, and as means of grace through the observance of which His Church is to confess her Lord and be visibly distinguished from the rest of the world.

(1) Baptism with water in the name of the Father and of the Son, and of the Holy Ghost is the sacrament which implies our relation to the covenant of grace and our consecration to the Christian life, and typifies our union to Christ and regeneration of the Spirit and the washing away of our sins. The proper subjects of baptism are believers, and infants presented by their parents or guardians in the Chris-

tian faith. In the latter case the parents should promise to train up their children in the nurture and admonition of the Lord, and the Church is under the most solemn obligation to provide for their Christian instruction.

(2) The Lord's Supper is the sacrament of communion with Christ and with His people, in which bread and wine are given and received in thankful remembrance of Him and His sacrifice on the cross, and which they who in faith receive the same do, after a spiritual manner, partake of the body and blood of the Lord Jesus Christ to their comfort, nourishment and growth in grace. All those who are admitted to the Lord's Supper who make a credible profession of their faith in the Lord Jesus Christ and are living in obedience to His law, and are free from scandal, crime, and open sin.

Article XVI.—Of the Ministry.—We believe that Jesus Christ, as the Supreme Head of the Church, has appointed a ministry of the word therein, and calls men to his ministry; that the Church, under the guidance of the Spirit of Christ, recognizes and chooses those whom He calls, and who shall be thereupon officially set apart to the work of the ministry.

Article XVII.—Of Church Order and Fellowship.—We believe that the Lord Jesus Christ is the sole head of the Church, that its worship, teaching, discipline and government should be administered according to His will by officers chosen for their fitness and duly set apart to their office, and, although the visible Church may contain unworthy members and is liable to err, yet, believers ought not lightly to separate themselves from its communion, but are to live in fellowship with their brethren, which fellowship is to be extended as God gives opportunity to all who in every place call upon the name of the Lord Jesus.

Article XVIII.—Of the Resurrection, the Last Judgment and the Future Life.—We believe that there shall be a resurrection of the dead, both of the just and of the unjust, through the power of the Son of God, who shall come to judge the quick and the dead; that the finally impenitent shall suffer eternal death and the righteous shall abide in blessedness for ever with God.

Article XIX.—Of Christian Service and the Final Triumph.—We believe that it is our duty, as servants and friends of Christ, to do good unto all men, to maintain the public and private worship of God, to hallow the Lord's Day, and to preserve the inviolability of marriage and the sanctity of the family, to uphold the just authority of the State, and so to live in all honesty, purity and charity that our lives shall testify of Christ. We joyfully receive the word of Christ, bidding His people go into all the world and make disciples of all nations, and declare unto them that God was in Christ reconciling the world unto Himself, that He will have all men to be saved and to come to the knowledge of the truth. We confidently believe that by His power and grace all His enemies and ours shall be finally overcome, and the kingdoms of this world shall be made the kingdom of our God and of His Christ.

1905 BANK OF MONTREAL ANNUAL GENERAL MEETING.

(From the Gazette, December 5th, 1905.)

The eighty-eighth annual general meeting of the Shareholders of the Bank of Montreal was held in the Board Room of the institution at noon yesterday.

There were present: Hon. Sir George Drummond, K.C.M.G., Vice-President; Hon. Robert Mackay, Messrs. R. B. Angus, E. B. Green-shield, T. Patterson, R. G. Reid, Hon. J. K. Ward, Dr. W. Gardner, Messrs. G. F. C. Smith, F. S. Lyman, K.C.; Angus Hooper, George Durnford, Richard White, A. Eddington, Henry Abbott, John Turnbull, B. A. Ross, C. R. Black, Henry Morton, G. A. Greene, L. Sutherland, W. H. Evans, M. S. Foley, W. Stanway, M. O'Shaughnessy, W. D. Gillies, D. Morris, A. G. Watson, G. H. Matthews, P. E. McCaffrey, J. Scott, W. B. Blackader, James Tasker, Percy R. Gauld and John Morrison.

On the motion of Mr. R. G. Reid, Sir George Drummond, Vice-President, was unanimously voted to be the chair, in the absence of the President, the Right Hon. Lord Strathcona and Mount Royal.

On the motion of Mr. A. Eddington, seconded by Mr. Henry Abbott, it was voted: "That the following gentlemen be appointed to act as scrutineers:—Messrs. F. S. Lyman, K.C., and G. F. C. Smith; and that Mr. James Alder be secretary of the meeting."

THE DIRECTORS' REPORT
The report of the Directors to the Shareholders at their eighty-eighth annual general meeting was then read by Mr. E. S. Clouston, General Manager, as follows:

The Directors have pleasure in presenting the Report showing the result of the Bank's business for the

year ended 31st October, 1905:—
Balance of Profit and Loss Account, 31st October, 1904, \$83,196.01
Profits for the year ended 31st October, 1905, after deducting charges of management, and making full provision for all bad and doubtful debts, 1,638,659.40
\$2,221,855.41

Dividend, 5 per cent, paid 1st June, 1905, \$700,000.00
Dividend 5 per cent, payable 1st December, 1905, 720,000.00
1,420,000.00
Balance of Profit and Loss carried forward, \$801,855.41

Since the last annual meeting of the Shareholders, the Bank has acquired the assets and business of the People's Bank of Halifax, with twenty-five branches. The Bank has also established since the last Annual Meeting, Sub-Agencies at the following places, viz., Altona, Oakville and Logan Avenue (Winnipeg), in Manitoba; Enderby and Neoka in British Columbia, and Hochelaga (Montreal), and is about to establish Sub-Agencies at Fort Snare (Winnipeg), and Ste. Anne de Bellevue.

The headquarters building on St. James Street is now completed and in occupation.

In response to the desire expressed by a number of our Shareholders, the Directors propose that the dividend should be paid quarterly, instead of half-yearly, viz., on the first day of March, June, September and December.

All the Offices of the Bank, including the Head Office have been in operation during the past year.

STRATHCONA AND MOUNT ROYAL, President.

THE GENERAL MANAGER

The General Manager then spoke as follows:

I purpose confining my few remarks to the balance sheet submitted to you, and to one or two matters more closely connected with banking, leaving the general condition of business in the country to be dealt with by the Vice-President.

The principal features in the statement are the increase, since last year, of \$2,000,000 in our circulation, an indication of the universal activity in business, and of \$7,750,000 in deposits not bearing interest; but of this matter a considerable proportion was a temporary deposit made at the end of our fiscal year, and since withdrawn. Our deposits bearing interest show a satisfactory increase of \$16,600,000. Our immediate available assets stand at \$68,000,000, a greater amount than as a rule, we consider necessary, but in view of the rather uncertain future of Canada, and the fact, owing to the state of affairs in Russia, and the somewhat boom condition on this continent, it is well to be strong, and in this case we are in a good position to take advantage of any desirable business offering.

Our loans and discounts have increased \$7,000,000, accounted for partly by the increased demands of the commercial community, and partly by the absorption of the People's Bank of Halifax.

The low rate ruling for call money in England and the United States during our fiscal year affected our profits adversely, as we are obliged to carry a large portion of our reserves in those markets, but of late there has been a decided improvement, which may be maintained during the winter.

Owing to the magnificent crop and the general activity in business, an unusual strain was placed on the circulation, but at the highest point attained by all the banks, about \$79,000,000, there was still a margin of \$4,500,000, and with the addition of bank banking capital and the increase of branches, it seems as if, for some time to come, the circulation provided will be sufficient for the needs of the country. The advantage of the Canadian system has been amply demonstrated during the late pressure for money. Notwithstanding the heavy demands to move the largest crop in our history, the interest rate to our people has remained normal. We have only to glance at the condition of affairs abroad and the line to see what fluctuations in rates for money the public are subjected to under the system there in vogue.

In March last, the Bank of Yarmouth failed under circumstances reflecting much discredit upon those responsible for its condition, and for the first time since the incorporation of the Canadian Bankers' Association that body had to exercise the power conferred upon it by Parliament in 1900, of the winding up of the affairs of a suspended bank.

The Curator chosen by the Canadian Bankers' Association was subsequently appointed by the court sole liquidator. The results have been highly satisfactory, particularly when viewed in the light of what has followed former failures of Canadian banks. The winding up of the suspended bank has been conducted with remarkable expedition and economy and the rights and interests of the creditors so well protected that the liquidator has been able in nine months to pay all of their claims with interest added thereto. That no loss to the depositors and other credit-

ors of the bank of Yarmouth has resulted from this failure is, it must be admitted, largely due to the prompt and creditable recognition by its unfortunate shareholders of their liability for the utter insufficiency of assets to pay the debts of the bank in question.

An interesting event in financial circles was the offering here of a portion of the Japanese loan, the first time in the history of Canada of a foreign loan being issued locally, and considering the short time at our disposal, the success was surprising.

In conclusion I may say that the one word which largely in the records of Canada this year is "Prosperity." Railways, manufacturing industries, merchants, farmers, all are prosperous. Immigrants are steadily coming; labor has full employment, and is well remunerated. Probably never before have we had a twelvemonth of such universal prosperity, and it is during a year like this that every one should set his house in order. Collections should be pressed and manufacturers should husband their resources and strengthen themselves in every way; for they are to a great extent prosperous by the grace of their neighbors, and when adversity comes to other countries, the American bargain counter will be opened in Canada, and our manufacturers and their employees will surely suffer.

VICE-PRESIDENT'S REMARKS

The Vice-President, in moving the adoption of the Directors' report, said:

The position of the Bank is fully exhibited in the statements laid before you and the remarks of the General Manager. Following, however, the practice of many years, I venture to offer a few observations.

The remark has been made before, and is now repeated, that the price of banking, and consequently the cost to the public of the use of money, are steadily decreasing. This is due mainly, I think, to the accumulation of wealth in the country, the consequent increase of the number of banking companies and of their capital, and the resulting economies of competition. Proof of this is to be found in the following figures:

1st. As to the accumulation of wealth. The deposits in the all chartered banks in the Dominion in 1870, were 49 millions of dollars, in round figures, omitting fractions of a million; in 1880, were 85 millions; in 1890, were 136 millions; in 1900, were 305 millions; in 1904, were 470 millions.

The Dominion Governments Savings Bank held in the same year (1904) nearly 62 millions making bank and Government deposits 532 millions.

2nd. As regards banking facilities. Five new banks in six years into operation since 1900, with an authorized capital of \$9,000,000. Five have been absorbed in other banks, but their capital presumably remains under other control, and one bank referred to by the General Manager, with a capital of \$300,000 has failed. It may also be mentioned that charters have been obtained from Parliament during the last three years of eleven new banks with a capital of \$19,000,000.

As regards our own bank it has been the care of the Directors to advance with the times, and I give you a few figures to show the progress which it has made.

In 1863, the capital was \$6,000,000; assets \$15,252,000.

In 1873, the capital was \$11,296,831; assets, \$36,221,000.

In 1880, the capital was \$12,000,000; assets, \$42,000,000.

In 1890, the capital was \$14,000,000; assets, \$158,000,000.

Our branches which in 1863 numbered 29, are now 100.

GENERAL TRADE OF THE COUNTRY

A review in detail of the various trade and manufacturing industries may be summed up in the general report of almost unbroken prosperity. Probably never in Canada and the United States have crops of all kinds been so good as in the present year. The lumber trade, I am tempted to express the conviction that we are using up our resources in a most reckless fashion, certain to end in disaster, unless we take prompt steps to treat it as other crops, and replant on an adequate scale.

The increase of manufactures, thereby creating a home market for produce of every kind is most marked. In this city and neighborhood a great number of large factories are springing up, and whatever may be said of our tariff, it unquestionably has had the effect of inducing the manufacture in this country of goods previously imported, with all its advantages of increased employment and circulation of money in this country. A number of these manufacturers are branches or offshoots of industrial organizations in the United States.

The value of the home market is not sufficiently appreciated if the statistics published by a recent writer be true. "Western Canada produced two and a half times as much wheat, twenty-five times as much oats, and thirty-four times as much barley as Canada exported." The failures in Canada are considerably smaller this year than last, being: 1904, \$11,189,223; 1905, \$9,511,472. The feature of the year, however, is the splendid crop which has just

Current Comments

The Government investigation has disclosed the fact that President Phillips of the York County Loan Co., drew the stupendous salary of \$25 per week. Further inquiry into the cause of the York Loan failure is needless.

Hon. Joseph Chamberlain has issued an interesting address to his constituents in which he argues that his proposed duty on wheat other than colonial grown would not increase the price of food to the British consumer, as the colonial export would be sufficient to meet the home demand. The imposition of such duty could only increase the price of wheat in Canada, and the price of wheat in England and if this be not one of the purposes and results of Mr. Chamberlain's scheme it is difficult to see where the Canadian farmer would financially benefit by the arrangement.

Concerning some remarks of the Montreal Star says: "The World evidently speaks with authority on a matter in which it seems to be well versed. Not that it has assumed an attitude of repentance on the bribery side of the campaign that is just ended, it would be in order for it to write a moral thesis on the inequities of the authors of such scurrilous and slanderous literature as was distributed by the Conservative party during the two years preceding the election. With the assistance of J. K. McInnis the World ought to be able to speak with the authority of intimate knowledge on the subject of scurrilous campaign literature."

Regarding the necessity of unity of effort in promoting the welfare of the city the Calgary Eye Opener says: "Calgary must take a lesson from Edmonton in respect to that northern city's social unity. Up there they pull together as one man. Down here it is one vast confounded, confused, inter-knocking society, wherein A is a 'lobster,' B is 'crooked,' C is a 'mule.' D is said to claim he did not arrange his mother-in-law. E should be 'run out of town,' and related filially to a female dog and so forth. The ladies, never have cool feelings toward one another here and each thinks the other can sing more divinely than herself. They love one another very dearly."

been harvested in the North-west and Ontario. As regards the former, the most sanguine anticipations have been realized and it seems beyond doubt that the following estimate of this season's crop in Manitoba and the Northwestern provinces are conservative:

Wheat, 90 million bushels, worth on the spot, say 65 cts; oats 65 million, worth on the spot, say 35 cts; barley 13 million bushels, worth on the spot, say 30 cts; flax, half million bushels, worth on the spot, say 80 cts; rye, 1 million bushels, worth on the spot, say 35 cts. In all 169 million bushels of grain.

Of course, a proportion of these crops will be consumed by the farmer, as no doubt will all the root crops—of which potatoes alone are estimated at 8,000,000 bushels—as well as hay and other stock feed.

At the prices set down it is not difficult to reach an approximate sum of 75 millions of dollars or 15 million pounds sterling to be distributed among a comparatively small population, and we from a soil which was considered barren, and surrendered to the wilderness, only a few years ago.

In addition to the foregoing and not included in the above estimate 70,000 cattle were disposed of during the year in the North-West.

Incidentally, I may mention that I am informed, by expert millers, that this year's wheat is so good in quality that 90 per cent of it is required to produce a given quantity of flour than an average.

It is asserted that the acre so far brought under cultivation does not, from the most accurate information obtainable, much exceed 5 per cent, and certainly it is well under 10 per cent of the area available, and waiting for occupation.

In this connection I may quote here a sentence from an able and well qualified Government officer, who has just completed a wide survey of the Territories. He says:

"The immense wealth so long stored in the virgin soil of the great western country will be gradually developed, and the fact that Canada is destined to rapidly become one of the greatest food producing nations in the world will soon become apparent to all in the volume of her exports."

The great extension of the railway systems operating in this country must not be passed over. The Canadian Pacific Company is expending vast sums in improvements and extensions. The Canadian Northern is trunk traffic is preparing for an extension to the Pacific, and the Government of Canada has the necessary powers to duplicate the railway connection between Quebec and Winnipeg and is now surveying the line.

With general political events we have nothing to do, except as regards their effect on our financial institutions. A note of thankfulness was heard when an end was put to the mighty war in the Farther East.

It was specially grateful to this community when a friendly understanding was reached between England and France, and we trust that the portentous cloud overhanging Russia may be dissipated by liberal measures. Meanwhile, it remains an ominous factor, exciting the liveliest apprehension among Russia's creditors, and the dearest interest in the whole civilized world.

I can only in conclusion echo the General Manager's advice, that the promising prosperity of our country should be prudently accepted and used.

I move: "That the report of the Directors, now read, be adopted and printed for distribution among the Shareholders."

SPORTS

DOWNS WON AT RED DEER

Red Deer, Jan. 4.—(Special to the Bulletin).—A wrestling match for \$100 a side was held last night between Jack Downs and F. S. Hallett and Waddy Williams. Downs to throw them two falls apiece in ninety minutes. This he succeeded in doing after a stubbornly-contested match.

Hallett took the mat first and by the way he showed up most of the spectators thought Downs would meet defeat as Hallett got out of some very ticklish places with ease. He stayed with it for 34 minutes and then gave Downs the decision on a hammer-lock. After ten minutes in the corner Williams took the mat and succeeded in taking up 25 minutes of Downs' time.

Hallett came on again and as the time-keeper called "50 minutes" and what seemed only a minute later "70 minutes" and Hallett appeared as fresh as ever it seemed impossible for Downs to complete his undertaking. Downs got this fall in 16 minutes, and took the mat with Waddy forced to make a fall within 17 minutes. Ten minutes passed and Waddy got out of a terrible hold by the "kick," but at the 15th minute, Downs swung him off his feet and pinned him with a double Nelson, this ending one of the best matches seen in Red Deer.

Yankie Powers was referee and W. Goward and F. Mahoney time-keepers.

WRESTLING MATCH TAKES PLACE TONIGHT

Charlie Griffiths, of the Canadian Bank of Commerce staff, has consented to referee the wrestling bout at Robertson's hall this evening between Jack Corra and the three local men of whom Kenny Blatchford is leader. The selection of Mr. Griffiths as referee is a guarantee of impartiality in judgement and security that the match will go the (ie) rightful winners.

There has been quite an interest taken in the forthcoming match both by those who are acquainted with wrestling and those who want to see the game for novelty's sake. Undoubtedly there will be quite a crowd present to see the sport and whether the local boys can succeed in winning from the Montana man or not they will certainly have plenty of support in the audience. The advance sale of tickets has been unexpectedly large.

WINNIPEG BEAT KENORA THISTLES

Winnipeg, January 6. (Special to the Bulletin).—In a game that was absolutely unique, the Kenora Thistles went down before Winnipeg here tonight in the first league game of the season, by the smallest possible margin of two to one.

Very indifferent hockey was played

ed until the second half and the only distinguishing feature was the finish which was of a farcical nature.

A FAST GAME AT RED DEER

In one of the fastest games ever played on Red Deer ice, the Edmonton hockey team beat Red Deer in a close game, which was anybody's until the last minute. Edmonton played good combination, while Red Deer showed lack of it, yet individually, they played good hockey.

—Moose Mountain Star: Hon. W. R. Motherwell, Minister of Agriculture and President of the Grain Growers' Association in introducing their deputations, stated that the farmers of the province of Saskatchewan were one in their idea that a lower tariff on the goods used by them would be of great benefit to the country. The general tone of Motherwell's speech was one of moderation, but there was also considerable determination behind it. It was pointed out that the west was compelled to compete with the world in the sale of its products and it wanted more competition in the goods it was compelled to purchase.

ANNOUNCEMENT

We respectfully beg to announce to the public that we shall open up-to-date architectural offices for the practice of our profession in the city of Edmonton, Alta., on or about January, 15th, 1906, and respectfully solicit a share of the public patronage upon the merits of our reputation to give our clients the best in our line of profession, which is our ambition and endeavor to maintain and extend.

THE CANADIAN GAZETTE
NOTICES GAZETTED

The current issue of the Canada Gazette gives notice of the authorization of "A," "B" and "C" squadrons of mounted rifles with headquarters at Edmonton, Strathcona and Fort Saskatchewan.

Notice is given that the Great North West Central Railway Company will apply next session for an act extending the time within which it may construct the 200 miles of its railway extending in a westerly direction from the present terminus of the railway at or near the Assiniboine River.

Notice is also given that application will be made to the Parliament of Canada, at the next session thereof, for an act to incorporate a company to be called the Kamloops and Yellow Head Pass Railway Company, with power to construct, equip and operate a line of railway from a point at or near Kamloops, thence running in a northerly direction following the valleys of the North Thompson River, the Canoe River and McEwen's Creek to a point at or near Tete Jaune Cache.

THE FARMERS' MARKET
Wheat took a slight drop yesterday No. 1 northern being quoted by local buyers at 63c. and No. 2 at 58 to 60, while No. 3 brings 50 to 55 cents.

Hay is standing at the same, as formerly, \$3 to \$12 for prairie and \$12 to \$15 for timothy.

Oats are 22 and 23 for feed and 52 for milling. Some farmers are getting a little above the market by delivering direct to private purchasers.

The coal market has been broken by the soft weather.

The best price is \$3.50 and many lots have been sold for \$3.00.

Grain deliveries have been very light recently, and undoubtedly will continue to be so until a good fall of snow comes to make sleighing.

Hockey

EDMONTON WAS BADLY DEFEAT-

(Continued)
The Edmonton Thistles suffered an overwhelming defeat last evening in the Strathcona rink when they went up against the Strathconas in the first match in the Peterson Cup competition.

There was not a great crowd present at the match. The rink was comfortably filled, and in spite of the fact that there was no C. N. R. special to carry spectators across the river, the Thistles had a good bunch of supporters. The evening was beautiful, and the majority of those from Edmonton drove over, and not a few walked.

The ice was in better condition than was expected after the recent soft spell of weather. Indeed it was very good ice and the boys had no kick coming on that score.

To say that the game was very one-sided would be putting it mildly. It was a matter of most exhibitions of hockey that has ever been seen in either Edmonton or Strathcona. There is not much excuse for the local team. The Strathconas may have had more practice, and probably were in a little better shape than the Thistles. But that is no reason why Strathcona should pile up goal after goal the way they did.

As usual the weak point on the Thistles team was in goal. If the Thistles are not prepared to put a player in goal that can look after himself and let the defence men work out a little, then they had better hang up their sticks and take off their skates, unless they want to be a back number as a hockey team. Charlie Matheson certainly made some good stops last night, and did his best, no doubt, but he is not the man for the place. He works too hard and gets rattled.

The best man on the ice was Willie Banford. Banford played a game last night that was a marvel, and delighted all his old Edmonton friends. He stopped shots galore, and time after time cleared the Thistles goal in a manner that was admirable. While certainly won his spurs last night, and Edmonton hockeyists are proud of him.

Reg. Elliott did not seem to show up in his usual good form. He played a very slow game in the first half. He redeemed himself in the last half, however, and made some very brilliant rushes. He made a pretty play when he brought the rubber away up the ice to Dobson, who scored the last goal for the Thistles.

Dobson played his usual fast game, but made several bad misses.

Campbell was up against big man Ritchie at centre again last night. He looked after him very well, but Ritchie proved too much for him. Armytage and Dobson were rather weak in the first half, but brightened up considerably during the latter part of the game, and got in some good combinations.

Strathcona have an all round good team. McKernan at cover point was very slow, but managed to clear his goal a good many times.

Kent was the strongest man. But it was no credit to him that he scored as many goals as he did. Time and again when he brought the block down the ice, he was left uncheckered and scored several times very easily.

The forward line played a great combination game, which somewhat disconcerted the Thistles.

Not until the last ten minutes or so did the Thistles play anything like what was expected of them. About the best bit of play they made during the whole game was just at the last when Banford and Elliott got the puck and passed it on to Dobson, who with Dobson and Campbell brought it down the ice with splendid combination. Dobson shot, but Humeson rushed out and stopped it, and Campbell nearly batted it in again.

Hampton was knocked out in the second half by spraining his ankle, and Armytage went off to even things up.

The Strathconas were the first to appear upon the ice. They looked very well in their new red sweaters. The Thistles came out a few minutes later and were loudly cheered. The goal umpires were Collins for Edmonton and Tom McLean for Strathcona.

Pete Burying refereed, and at 8:35 lined the teams up and dropped the puck between the sticks of the centres. Dobson got the rubber and passed, but it was caught by McKernan and sent down to Kent, who shot wide. Dobson came up with it again, but Ritchie got it and tried, but it was stopped. McArthur shot, but Campbell got away with this block and tried a shot. It was stopped. McKernan made a good shot, but was put to the fence for pushing the goal keeper.

Dobson also got in a shot but failed to score. The rubber went back to the Strathcona forwards and Kent shot. Matheson stopped it and Banford cleared. Campbell made a rush and scored. Time six minutes.

Strathcona forwards now got to work, and played rings around the Thistle defence. Kent got the rubber and came up the side. No effort was made to check him and he scored in half a minute.

Ritchie got it from the face-off and notched up another lead half a minute. From the face-off the rubber was invariably taken into Edmonton's territory. Kent came down the side with it again. Elliott failed to check him, and he scored in one minute.

Matheson stopped a hot shot from Kent and Elliott cleared, but McArthur got it and scored in four minutes.

Kent and McArthur made some more good shots, but they were stopped. From the face-off almost in Banford's goal the rubber shot, but Banford stopped it. Elliott robbed McKernan of a nice pass, and Campbell shot. Armytage also tried. Kent

got it and shot away down the ice, scoring in seven minutes.

Dobson and Armytage got in some good combination work, and on a pass from Dobson, Dobson scored in two minutes.

Kent got the block away from the face-off, and came down fast, scoring in half a minute.

There was some fast playing by the Strathconas forwards. Dobson was given two minutes for cross-checking, and McArthur was sent to the fence for tripping. Half-time called, score 7-2.

In the beginning of the second half Armytage was put off for tripping, and Ritchie scored after some fast playing in eight minutes.

McKernan got it from the face off, and made a splendid shot from mid-ice, scoring in one-half minute.

McArthur made a shot, but Banford saved it. Elliott tried, but failed to score. Campbell and Armytage played a little swift combination and Campbell scored in 15 minutes.

Ritchie managed to drag the block out of a mix-up and scored in two minutes.

There was some fast playing on the part of both teams now. Armytage played up well. Dobson and Ritchie both had a rest at the fence. McArthur made a shot, but Banford saved it. Elliott tried, but failed to score. Campbell and Armytage played a little swift combination and Campbell scored in 15 minutes.

Hampton was hurt here and Armytage was dropped. The Edmonton forwards were beginning to play up. Dobson, on a pass from Dobson, scored in ten minutes.

This was the best the Thistles could do, however, and Ritchie rushed up and scored in one-half minute.

Dobson was sent off again for tripping. Kent shot twice in succession. Then Dobson carried the rubber up and tried, but failed.

McArthur got it and scored the last goal in three minutes. Time was called, the score 14 to 4.

Following was the line-up:
EDMONTON STRATHCONA
Matheson goal Humeson
Banford point McRae (Capt.)
Reg. Elliott cover point McKernan
Dobson (capt.) cover Hampton
Campbell centre Ritchie
Armytage right McArthur
Dobson left Kent

The Calgary city clerk has created considerable trouble for himself for turning city stationery into advertising circulars for city merchants. The clerk yesterday in big blue ink a stamp advertising the Dominion Express Company's postal notes and two well known merchants. The stamp notified all patrons of the city water works department that the express notes for payment of the bills can be secured from these two merchants. A great deal of indignation has been expressed by other merchants, and at least two bankers. The merchants complain, first, that the city should gratuitously advertise two men exclusively in such a general manner when the express orders, as a matter of fact, are for sale at nearly every large business establishment in the city. They maintain that while the city clerk should not have dared to do such a thing without referring the affair to the council, if one place where the notes could be purchased was printed on the bills, every place where they can be secured should have been thus mentioned.

—The Women's Literary Society will meet on Monday afternoon at four p.m. in the assembly room of Alberta College, and afterwards on the second and fourth Monday of every month.

EASTERN INTERESTS IN ALBERTA
Attorney General Cross, who re-

turned this week from Ottawa confirms the reports of the Eastern interest in the West and in Edmonton particularly. The completion of the C.N.R. to the city by establishing more direct connection with the East has directed attention anew to this district and in all parts of the province of Ontario the Western man is besieged by enquirers eager to learn of the progress and opportunities of Alberta.

The weather in Ontario and Manitoba was generally cold and disagreeable and the damp air of Edmonton was a pleasant change.

Mr. Cross returned by the C. N. R. from Winnipeg. From Winnipeg the trains on this line are crowded by settlers flocking into the Dauphin district, the Carrot River country and other districts along the recently constructed line.

In Ottawa arrangements were made for taking over from the Federal Government the registry offices. This will probably take place during the spring.

ATTENDANCE AT CITY SCHOOLS

The schools in the city opened on Wednesday, and are crowded with pupils. A good many new students being enrolled. When the new Rat Creek school is opened, which will be very shortly, a good many of the pupils now attending Queen's avenue school will attend the new school.

In McKay avenue school only five rooms were used last term, but this term it has been found necessary to use eight rooms, several of the standards being divided up. Mr. Scott, from Battle Lake is in charge of this school having taken the place of F. H. Russell, who was appointed principal of the school in place of Wm. Ramsay, who resigned.

The total attendance at the McKay avenue school at the opening of the term yesterday was 315, there being 11 new pupils. Following was the attendance in each room:

Mr. Scott's room, standard V, 27.
Miss Bell's room, standard IV and standard III intermediate, 49.
Miss Campbell, standard III, junior and intermediate, 46.
Miss McNeil, standard III, intermediate and senior, 40.
Miss Boyle, standard II, 42.
Miss Lawford, junior part II, 31.
Miss Collier, standard I, 42.
Miss Graham, standard I, part two, 38.

In Queen's avenue school the total number of pupils present at the beginning of the term was 555. F. H. Russell is now in charge of this school. The number of pupils in each room cannot be properly estimated as yet. The promotions for the Christmas term have not been made, and consequently some of the rooms have an unusually large number of pupils. And when Rat Creek school is opened on Monday, about eighty of those now attending Queen's avenue school will be moved over there.

The high school on College avenue commences the term with a very good attendance, there being a total of 82 students enrolled on Wednesday. In standard VIII there were 13. In standard VII, 24, and in standard VI, 45. Several students from the country have not returned yet, but a full report with the names of those attending will be published later.

SETTLER, A TOWN ONE MONTH OLD.

Settler, Alberta, Jan. 3.—A month ago Settler was a name, nothing more. Today we have a town larger and more thriving than many sixty times its age, and still growing fast. Report has it that the C.P.R. makes no move forward for at least 12 months, and we are glad of it, as in that time we will grow steadily and solidly, but this is no more a railway town dead and deserted when the railway passes on. The district is well settled, and the land is all that can be desired by the most exacting of farmers. In twelve months' time our rate of imports and exports will be worth recording and quelling, as another instance of what "Sunny Alberta" can bring forth.

Already we have our stores of all sorts, our hotels, our agencies and our lumber yards, and the hammers are never still. A board of trade, under the presidency of Mr. MacGillivray has been organized, and its members are men in earnest. All are working for the interest of the town, and are working hard. The postal and train services are as yet crude, but we are not content to sit and grumble at them; we have stat-

ed our wants, our rights, and we mean to have them.

A creamery association has been formed under the presidency of Mr. Macdonald, and this necessary capital subscribed, so in a few weeks' time we may have in the town another going concern. A school is also being pushed forward by the board, and next week we hope to be able to say that one, if not two, elevators are in the building.

Naturally, it was a quiet Christmas, many going back to their old homes. But those of us who stayed here had a pleasant time, and were cheered with high hopes for the future. The most inveterate grumbler could not ask for better weather than we have had during the month, and to all workers this has been a boon above price.

We have just been cheered by the news that the regular train service commences next week, but we want the freight cars instead. It is no use sending through one train of twenty-four cars, thirteen of which were for one firm, the Staples Lumber Co.—and leaving more than that number of cars at Alx waiting to come on.

G. R. Farmer hopes to open his hardware store on the 10th, but — these things lie on the lap of the C. P. R.
